(UNDER THE AEGIS OF THE DELHI PUBLIC SCHOOL SOCIETY, NEW DELHI)

Session 2019-20

Class - VII

Dear parents,

Thank you for your care & support for a long time and we are much concerned that students could spend a colourful and happy Summer Vacation.

During the summer, students become more creative and expand their social horizons. But with enjoyment studies should go hand in hand for proper growth and development. Therefore, it is requested to you to promote children to maintain a balance between fun and studies. We are sending the holiday assignment designed with hope that children will enjoy doing it. At the same time we expect that children should be engaged in various activities like morning walk/games/cycling, reading good and informative books, helping mothers in completing their daily chores etc.

Kindly ensure that homework is done by the children in his/her own handwriting neatly under your guidance. The homework will be assessed as subject specific activity. We are also sending our suggestions to inculcate different values in the children with hope that you will try to nurture them.

In order to let them have a healthy, safe, civilized and happy life, please provide guidelines to them properly. In this regard we would like to forward some suggestions to you.

LANGUAGE DEVELOPMENT

- Different types of languages are spoken by people from different regions but the most important thing is that, any language, when spoken should be spoken correctly. The two common languages that our children should be able to speak fluently are Hindi and English. Since English is a universal language spoken and understood by people all over world, we want our children to be proficient in speaking and writing it.

For this:

- Please inculcate the habit of reading newspaper daily as it helps your child to improve his/her vocabulary and language acquisition.
- Try to converse with your child in English.
- Supervise children to do more exercise.

SELF LEARNING

- Give proper and healthy food items explaining the importance of home cooked food.
- Encourage them to adopt habits of personal hygiene.
- Other than cartoon channels, they should watch other channels to enhance their general knowledge.

SOCIAL SKILLS

- We at school, always aspire to put our best effort for the overall personality development of your children. This is done right from the beginning when these children are like clay in our hands. Like a potter works on his wheel to mould perfect objects, we try to mould them to make perfect individuals. But we can't achieve this goal without your co-operation. Please try to spend quality time with them. We have some suggestions as to how you can keep your ward occupied during the summer break.
- Be a friend: Play games with your child – like ludo, carom board, monopoly, scrabble etc.
- Explore nature: Take your child for a morning walk. Count trees, cars, stone, flowers, etc. while going for a walk.
- Inculcate Responsibilities: These young minds can be taught to do small jobs and develop a sense of responsibility. They can do activities like –laying the table, filling the water bottles, dusting, watering plants, taking care of the pet, cleaning their cupboard, arranging their toys etc.
- Kindly encourage your children to complete their homework on time.

MORAL EDUCATION

- Children should develop the habit of reciting prayers.
- They should inculcate good manners in themselves.
- Pay attention to traffic safety.

EXPLORE YOUR CITY

- Visit to different places like banks, railway reservation, newspaper's office etc. can be enriching for children. Try to visit such places with your ward.
